

Onward, onward, half an inch onward,  
Into the valley of the dolls rode the 6000.  
Come, grow old with me, my love,  
Though the worst is yet to come!

BUT ABSOLUTELY NOTHING WORTHWHILE  
IN BETWEEN!!

??

Liaisons Inferieuses, Pax Vobiscum, demonstrating a splendid verbosity, instead of jujube remonstrance. LI is published by Leonard the Lizard Labofka, 644 West Briar Patch, Shitcago, Illinois, 60657. Phone, 312-(unlisted); calls between 12 PM and 7 AM will not be accepted (since I spend that time in the closet performing unnatural acts upon my pet goldfish.)

Liaisons Inferieuses has game openings for feebleminded players only. Any entrant with an I.Q. (or rating) higher than that of the gamesmaster will promptly be ostracized, or worse. Game fees are \$46 cash, 17¢ for members of the Leonard the Lizard Memorial Fan Club (see offer, below). The game fee includes a subscription for 10 issues (or until your country is eliminated, or the game concludes, or you somehow find yourself on the Lizard's Shitlist). Players outside North America are unacceptable--they generally are mean and nasty, with many bad habits; let those foreign bastards play in their own countries, where they belong!

HEY, PEASANTS, I CAME IN FOURTH AT DIPCON!! I WOULD HAVE WON IF EVERYBODY ELSE HADN'T BEEN CHEATING AND PLOTTING AGAINST ME.

All moves should be dependent upon any and all retreats. If you wish to submit contingency moves, dependant on actions of opponents, gamesmaster vagaries, or rampant inflation, please send them to somebody else. I will not clutter up my desk with such trivialities!

--Winter moves are due by 3 AM Tuesday, September 31, 1974.

--Fall and Spring moves are due by 4 PM, Wednesday, October 1, 1974

Any and all GM errors should be reported immediately, regardless of favorability! A hungry tarantula will be shipped to complainant by return mail.

\*\*\*\*\*

As you all know, LI has been out of print for the last four years. Well, I finally was able to ~~buy~~ buy a new printing press from Wheeboldts! (Actually, I got it from Marshall Field, but thought it in very bad taste to say so.) Within six months, or so, I should be able to learn how to operate Mr. Printing Press well enough to start printing LI full-time. Meanwhile, I shall continue to play extraordinarily brilliantly in the Hoosier Archives-Diplomacy World demonstration game. Wish me luck, clowns. To all you faithful subscribers (especially those of you who have been suing me for two years) I say: keep patient, you dumb bastards!!

COME ONE, COME ALL!!! Here is your chance to get in on a golden opportunity, a chance of a lifetime. You are all cordially invited to join the LEONARD THE LIZARD MEMORIAL FAN CLUB. The purpose of the club is to give the Greatest Man in the hobby the recognition and honor he so richly deserves. Membership in the club is free; we meet once a year, thirteen weeks after Dipcon (sorry, but this year's meeting is cancelled due to lack of sincerity) To join, write to:

LEONARD THE LIZARD MEMORIAL FAN CLUB  
NATIONAL HEADQUARTERS AND SHRINE

SHITCAGO, ILLINOIS 60657

(!)(?)

Before we get to the games, a brief report on the Leonard the Lizard Look-Alike Contest---Why is it, gentlemen, that all fourteen entries are scatological snapshots? Besides, I have a green complexion, not brown!

## AND NOW, THE GAMES!!

Sorry, but all the games are delayed three months due to gamesmaster sloth. Any fool who dares to complain will be dropped, head-first, from the top of the Sears Tower (but don't worry; our illustrious mayor has this city knee-deep in horse manure anyway, so you won't get hurt too much when you fall) Also, no press will be allowed in this zine. None of you morons could possibly write as well as I, so why should I soil these pages with your mediocre maunderings. All we have this issue is the final report on 1966 FU, completed last month.

## EDITORIAL

TO EVERYBODY IN THE WORLD: A WARNING!!

I feel it to be my solemn duty to warn everyone in the Diplomacy community about an unsavory character in our midst. This uncouth cretin has lied to me, broken his solemn covenants, and shown himself to be of extraordinarily low moral character. The time has come to expose this miscreant for what he really is!!

Yes, GOD<sup>9</sup> lied to me!!!! And I really thought He was such a nice guy. Often before the start of the game, He and I had long strategy talks. He sent me a sign--a burning bush (OK, so it was a burning telephone pole; nothing green grows in Shitcago)--and promised me that we would be friends and allies forever. I ask all of you to help me spread the word about this horrible piece of horseshit!! I will not stop until this heinous hoodlum is hounded out of the hobby. Remember, nobody, NOBODY, lies to Leonard the Lizard and gets away with it!!!!!!
